iPhone camera apps > Isadora 3

iphone8 / iOS 12.4 → adhoc wireless network (Macbook Pro 2017
Radeon Pro 560 4 Gb - MacOS 10.14.5)

iOS app	OSX bridge app	Isadora Actor	resolution	comment	audio	
Newtek NDI	syphon2NDIClient	Syphon Receiver	1280x720	stutering high latency	none	
			640x360	fluid, low latency		
	NDISyphon	Syphon Receiver	640x360	fluid, low latency without audio	yes	
				slightly more latency with audio enabled		
			1280x720	stutering high latency with or without audio enabled		
NDICam	syphon2NDIClient	Syphon Receiver	1280x720	stutering high latency	none	
	NDISyphon	Syphon Receiver	1280x720	forget it		
AirBeam	AirBeam Pro	Syphon Receiver	variable (640 to 1920)		yes	heavy audio compression
			960x540 (50%)	steady stream at default 'medium quality' 50% resolution		
EpoCam HD	EpoCam Viewer Pro	Syphon Receiver	640x480	low latency / fluid/steady stream	none	
			1280x720	reasonable latency / fluid/steady stream		
				signal interrupted after a while - restart viewer		
			1920x1080	reasonable latency / fluid/steady stream		
	NDISyphon	Syphon Receiver	640x480	lowest latency / fluid/steady stream with and without audio	yes	
			1280x720	forget it		
			1920x1080	forget it
